Safety is important to Alpha Cleaning Solutions and with the support of all our members of staff I will ensure that

- Our safety policy and statement of general arrangements are implemented
- Responsibilities are clearly defined and understood
- Safety objectives are set and achievements reviewed annually
- Both employee and contractors are provided with a safe and secure working environment
- By working closely with our customers and suppliers we will prevent the delivery of unsafe and inadequate product and services
- All accidents are investigated thoroughly, the cause identified and corrective action taken
- Staff are trained to carry out their work safely
- Adequate resources and funds are provided to meet safety responsibilities
- Arrangements are made to ensure the safety of all visitors

The success of this safety policy requires the participation of all our staff which is actually encouraged
